# TOPAZ

Where refined design meets everyday performance, TOPAZ stands as a premium surface solution crafted for contemporary living. Created for kitchen tops, islands, dining tables, upstands, backsplashes and a wide range of interior applications, it brings together elegance, durability and functionality in perfect harmony. Designed to complement modern lifestyles, it transforms essential surfaces into statement elements that define the character of a space.

Engineered to handle the demands of daily use, these surfaces offer exceptional resistance to heat, moisture, and wear while remaining easy to maintain. Each finish is thoughtfully developed to deliver both visual appeal and reliable performance — from luxurious marble-inspired patterns and expressive stone textures to sophisticated solid tones that suit every design language. With a focus on precision and quality, every surface reflects a balance of strength and refined craftsmanship.

Ideal for residential and commercial interiors alike, this collection empowers architects, designers and homeowners to create spaces that are both functional and visually compelling. Whether shaping a statement kitchen island, a seamless backsplash, or an elegant dining surface, it enhances interiors with lasting style and dependable performance. More than just a surface, it is a design element that elevates everyday environments with timeless appeal and modern sophistication.

# Convert Your Thoughts

When design meets everyday performance, TOPAZ is created — a surface solution that goes beyond function to define modern living. Crafted for kitchen tops, islands, dining tables, upstands and backsplashes, it brings together refined aesthetics and dependable strength. Built for spaces that are lived in and loved daily, it transforms interiors with a presence that is contemporary, elegant and enduring.

Inspired by the idea that beauty should perform as well as it looks, each surface is engineered to handle the demands of modern lifestyles. Resistant to heat, moisture and daily wear, it offers a durable and easy-to-maintain solution for busy kitchens and dining spaces. Beneath its strength lies thoughtful design — rich marble patterns, expressive stones and sophisticated solid tones that enhance every surface they touch. It is not just a material, but an expression of style and practicality working in harmony.

Created for homeowners, designers and architects who value both aesthetics and reliability, this surface solution elevates interiors with seamless functionality. From statement kitchen islands to elegant dining tables and refined backsplashes, it enables spaces that are both visually striking and highly practical. Every detail reflects a balance of craftsmanship, innovation and contemporary design thinking.

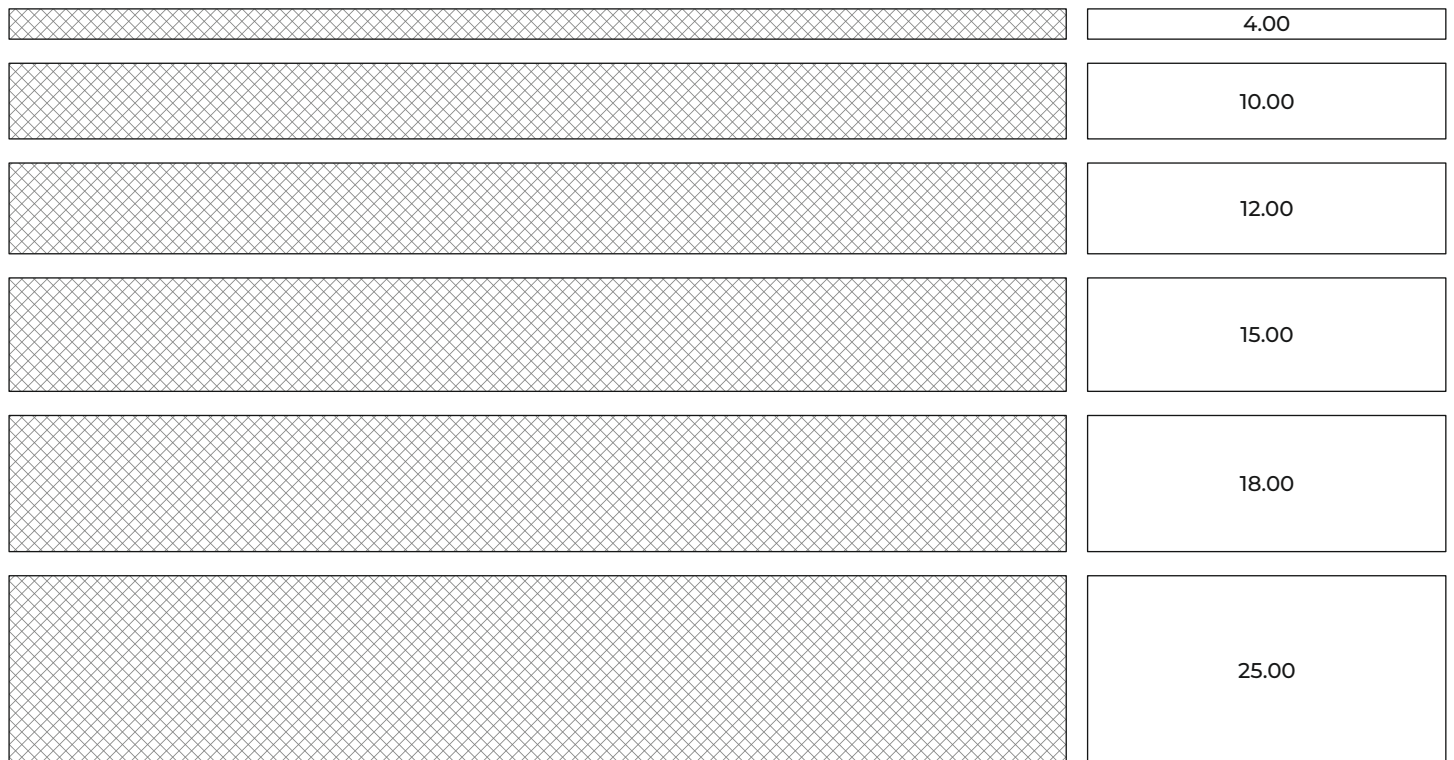

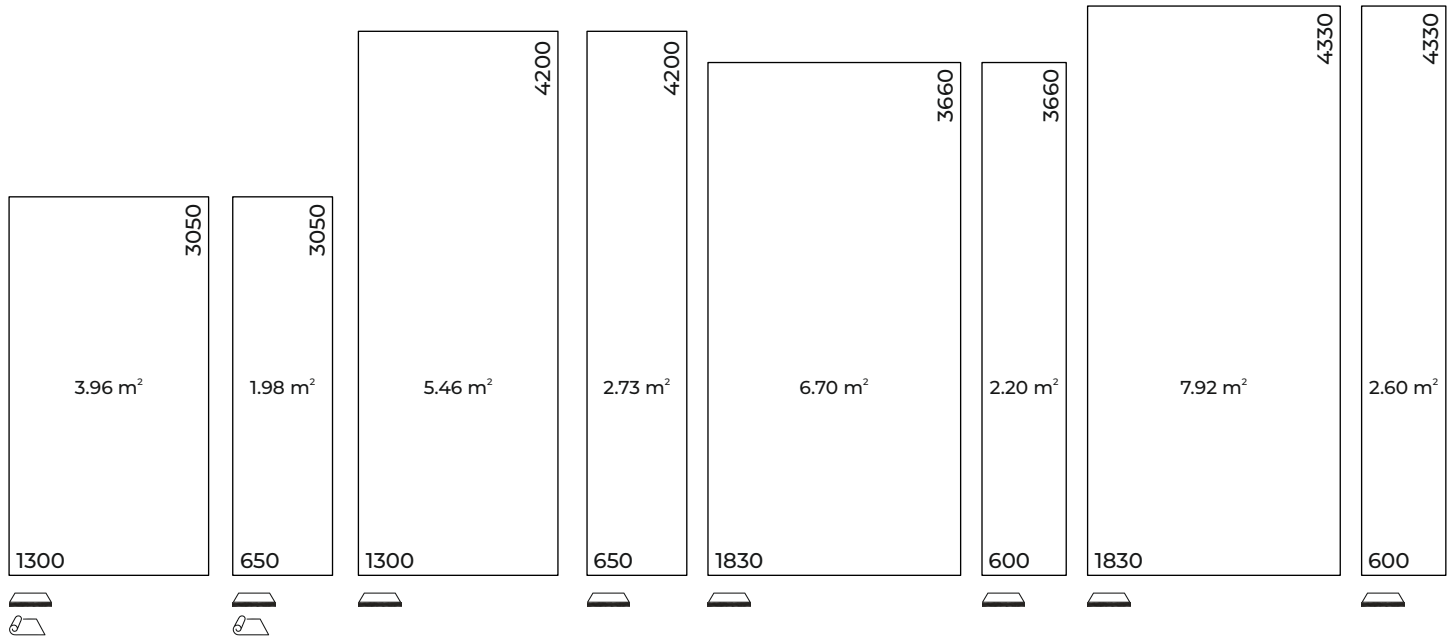

With TOPAZ, interiors gain more than a surface — they gain character, durability and a timeless design language that enhances everyday living.

# Panel Specifications\*\*

Available in multiple panel specifications to suit diverse Interior applications.

# Kitchen Ideas

Explore smart kitchen configurations designed for functionality, efficiency and modern living.

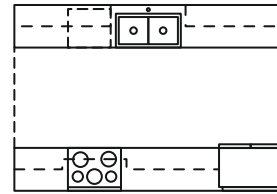

## Galley | Single

A streamlined, space-efficient layout with all elements aligned on one wall, ideal for compact kitchens and quick workflow.

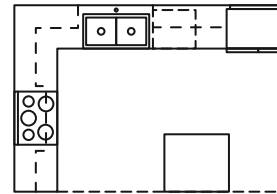

## Galley | Two Rows

Parallel counters create an efficient work triangle, offering maximum functionality and storage in limited space.

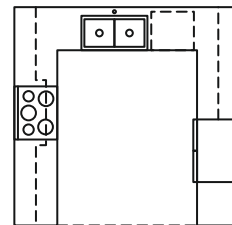

## L-Shape

Designed for flexibility, this layout utilizes two adjoining walls to create an open and ergonomic kitchen workspace.

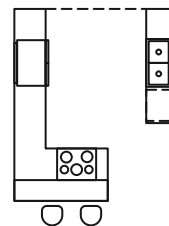

## U-Shape

Surrounding the user on three sides, this layout provides ample counter space, storage and efficient movement for busy kitchens.

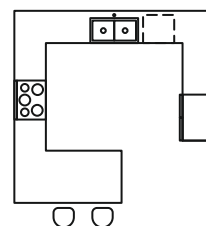

## Broken Peninsula Kitchen

A modern variation with a partially extended counter that adds workspace and casual seating while maintaining openness.

## G-Shape | Peninsula Kitchen

An extended U-shaped layout with an added peninsula, delivering extra storage, preparation area and a social cooking environment.

# Construction Overview

This diagram illustrates the multi-layered construction of TOPAZ. It features a protective overlay and decorative layers treated with MF resin to ensure enhanced surface durability, resistance and a refined finish suited for interior applications.

The core is built from multiple layers of kraft paper impregnated with PF resin, delivering superior structural strength and stability. Compressed under high pressure, these layers form a dense, impact-resistant and long-lasting panel engineered for dependable performance across table tops, upstands and backsplash surfaces.

# Construction Overview

A refined collection of contemporary surface designs showcasing the versatility of TOPAZ. Featuring elegant marble, stone and textured finishes, these panels are crafted to enhance table tops, upstands and backsplash applications with a premium aesthetic.

Engineered for durability and visual appeal, the range combines modern design with reliable performance, offering sophisticated surface solutions that elevate both residential and commercial interiors.

# Disclaimer

All application visuals and renders shown in this catalogue are for illustrative purposes only. Actual product appearance and application may vary.

Due to printing limitations, color and design reproduction in this catalogue may differ slightly from the actual product. Customers are advised to refer to physical samples before final selection or confirmation.

All dimensions mentioned in this catalogue are in millimetres (mm) unless otherwise specified. Where different units are used, they will be clearly indicated alongside the dimensions.

The company reserves the right to modify, update, or discontinue any design, shade, or specification without prior notice.

# Application Scope

From concept to completion, TOPAZ supports every stage of your design journey.

Offering virtually limitless design possibilities, it provides the freedom to create remarkable spaces while staying within budget. From crafting bold kitchen statements and elegant dining surfaces to enhancing modern workspaces with striking textures and colors, the possibilities are endless. Designed for both homes and commercial interiors, it brings together visual appeal and everyday practicality—ensuring surfaces are never ordinary, only exceptional.

# Finishes

Depth, Detail, Distinction

More than flat finishes, our laminate textures offer a rich sensory layer to your designs. The interplay of light and surface brings out the character of wood or stone-like finishes. Each panel feels handcrafted — elevating both look and feel.

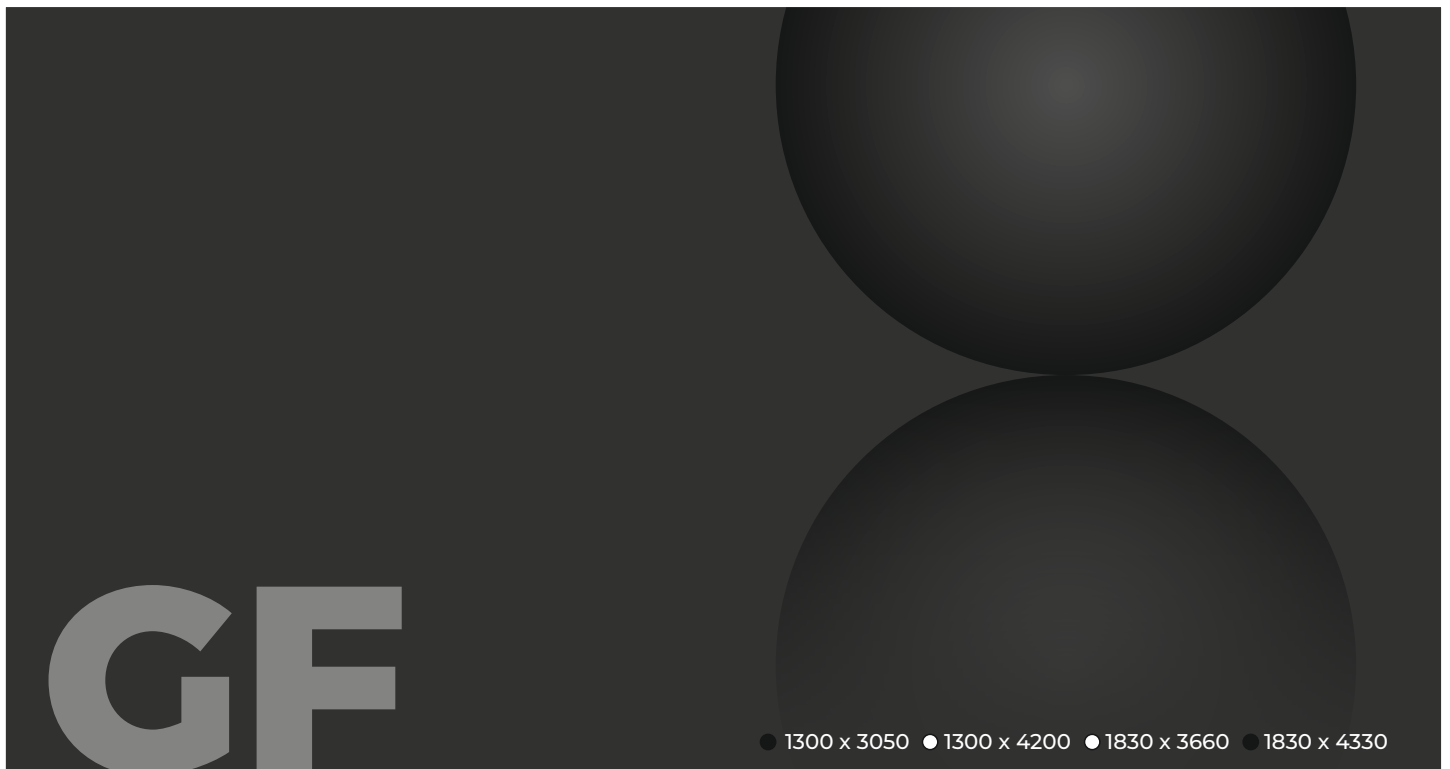

MF-Matt

Elegant matt finish that delivers a smooth, non-reflective surface with a premium modern feel. Designed to resist fingerprints and glare, ensuring timeless style with effortless maintenance.

## GF - Gloss

High-gloss finish that enhances surfaces with a rich, reflective shine and luxurious appeal. Designed to amplify depth and brightness while offering a smooth, easy-to-clean surface for modern interiors.

## SF - Suede

Soft suede finish that brings a smooth, velvety texture with a sophisticated matte appeal. Designed to add warmth, depth and a refined tactile experience to contemporary interior surfaces.

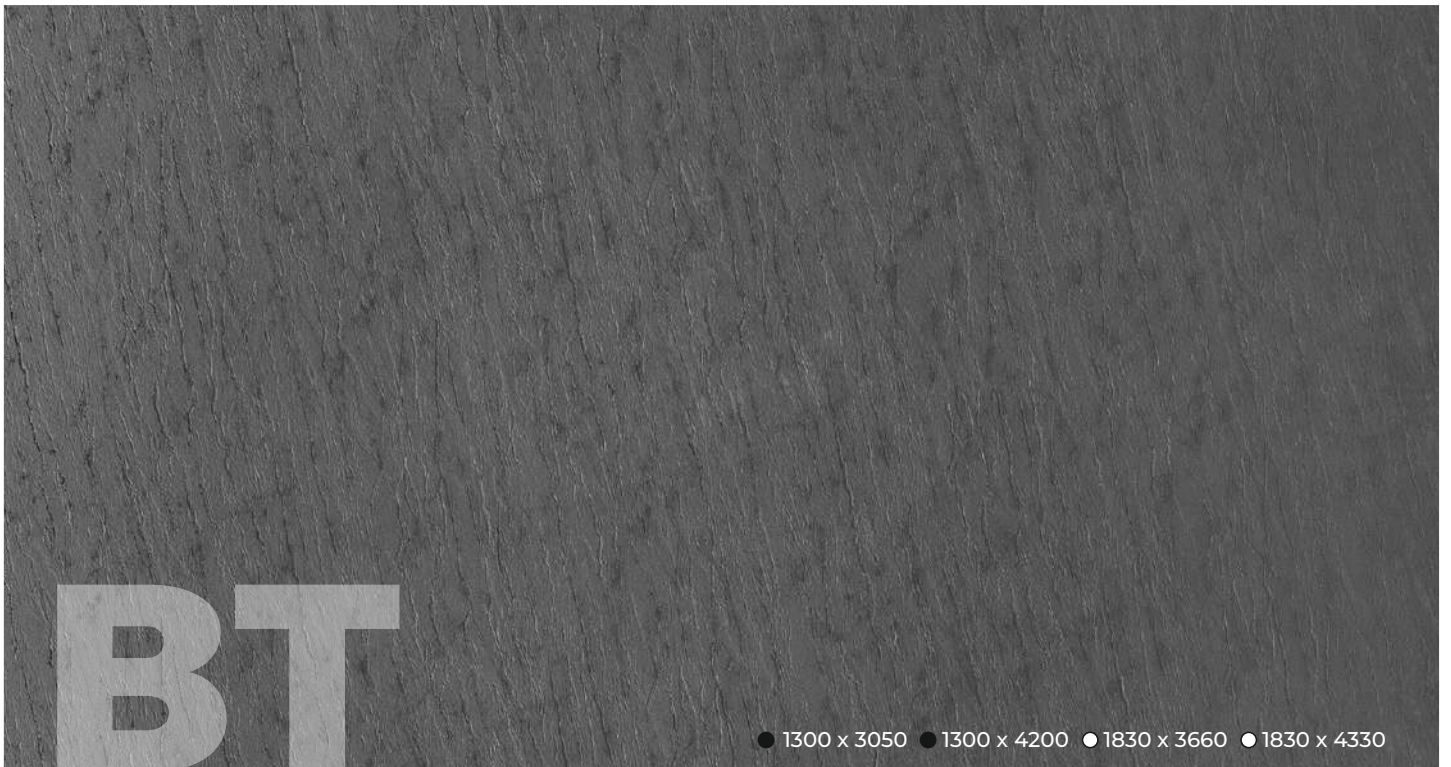

# Textures

Feel, Form, Finesse

A texture you don't just see, but truly feel — crafted to mirror the touch of nature. Every detail comes alive under your hand, bringing depth and authenticity to every surface

BT - Brilliant Stone

Brilliant Stone finish captures the richness of natural stone with enhanced depth and subtle sheen. Crafted to deliver a luxurious, durable surface that adds timeless elegance to modern interiors..

### CM - Classic Matt

Classic Matt finish offers a timeless, smooth surface with a subtle, elegant appearance. Designed for everyday durability, it delivers a refined look that complements both modern and traditional interiors.

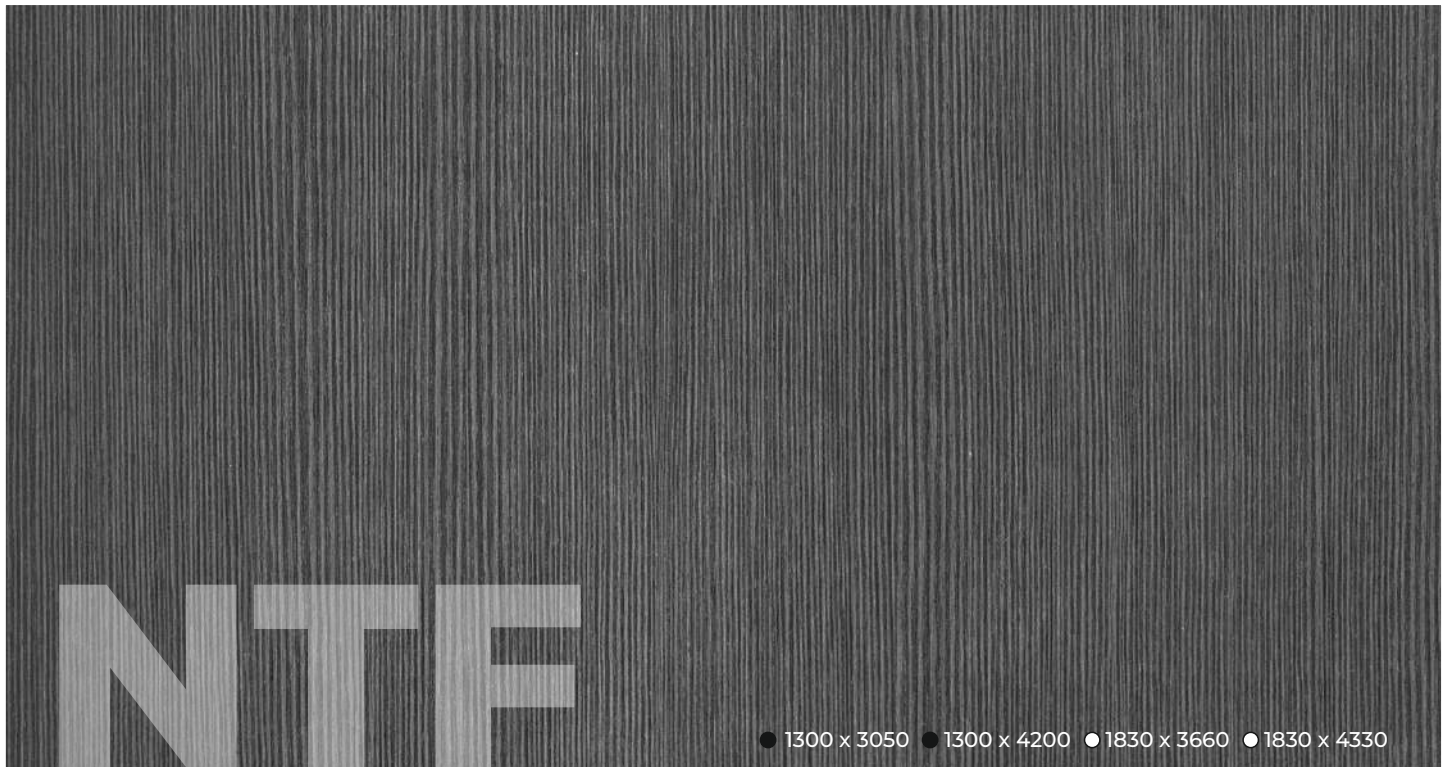

### GS - Glitter Stone

Glitter Stone finish blends natural stone character with a subtle sparkling effect for a striking visual appeal. Designed to add depth, texture and a touch of luxury while maintaining durability for everyday interior surfaces.

## NTF - Natural Timber Feel

Natural Timber Feel captures the warmth and texture of real wood with an authentic, tactile surface. Designed to bring organic elegance and lasting durability to contemporary interior spaces.

### PMT - Pure Matt

Pure Matt finish delivers a smooth, ultra-refined surface with a clean, contemporary look. Designed for minimal glare and easy maintenance, it adds understated elegance to modern interiors.

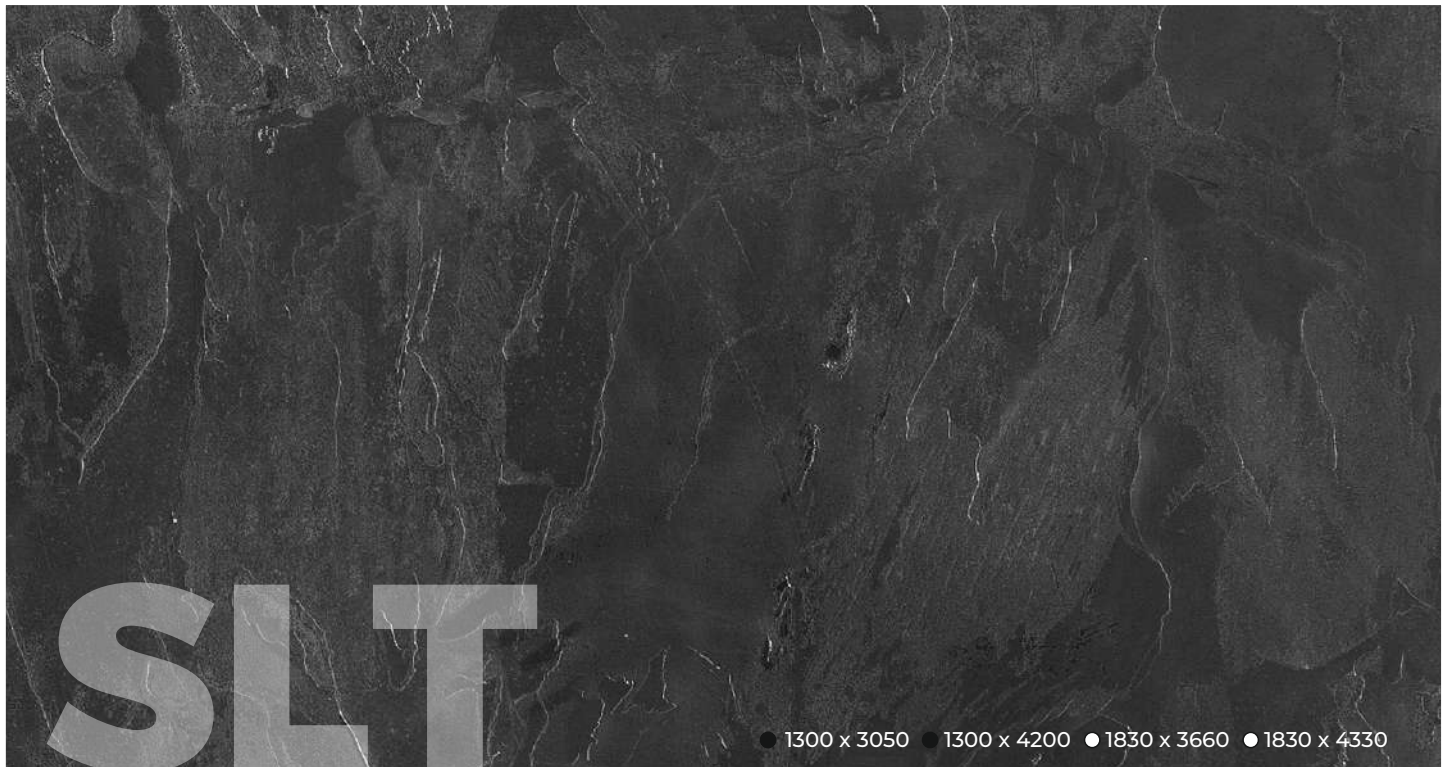

## RRF - Stones

RRF Stones finish showcases bold stone-inspired patterns with striking depth and character. Engineered for durability and visual impact, it brings a strong, contemporary stone aesthetic to interior surfaces.

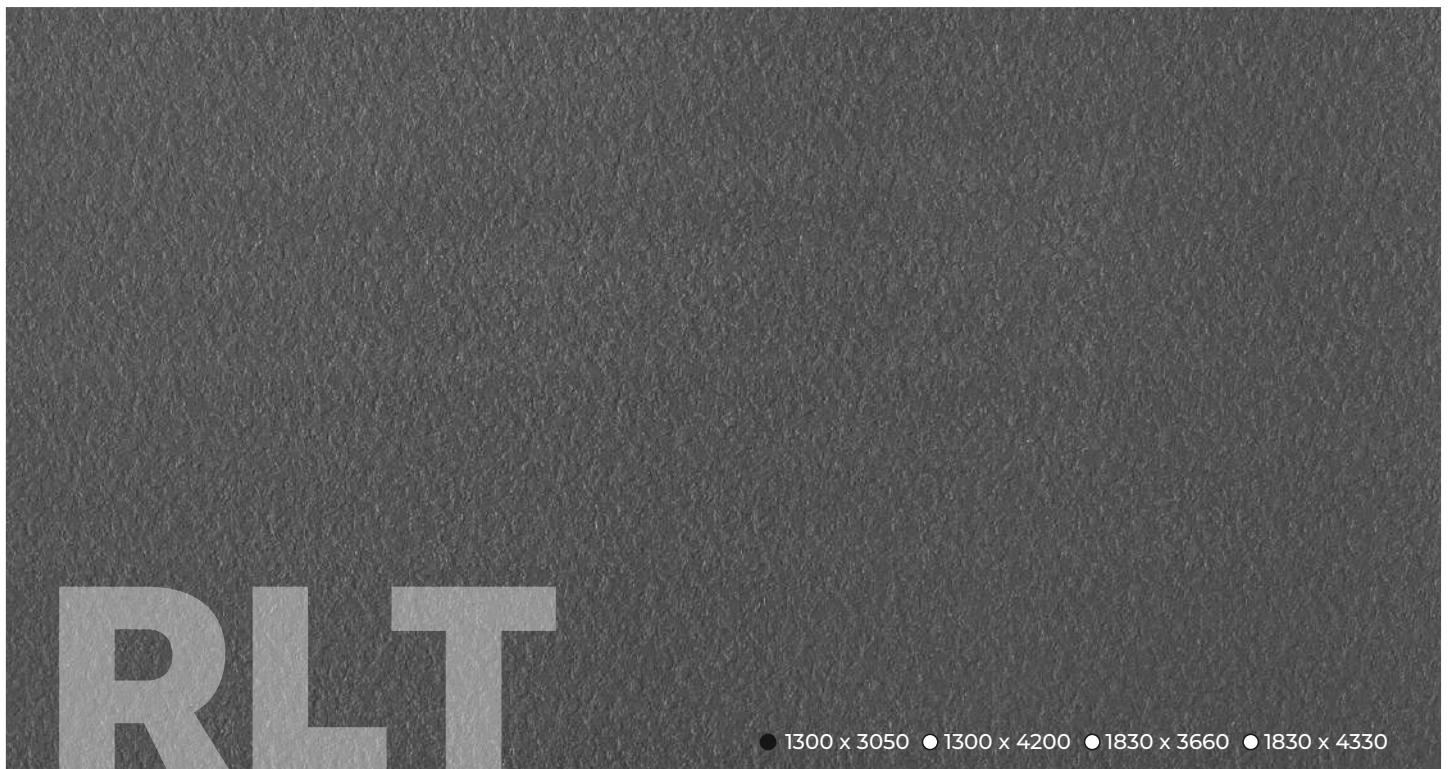

## SLT - Slate

Slate finish reflects the raw elegance of natural stone with a subtle textured depth. Crafted to deliver a bold, contemporary look while ensuring durability and easy maintenance for everyday use.

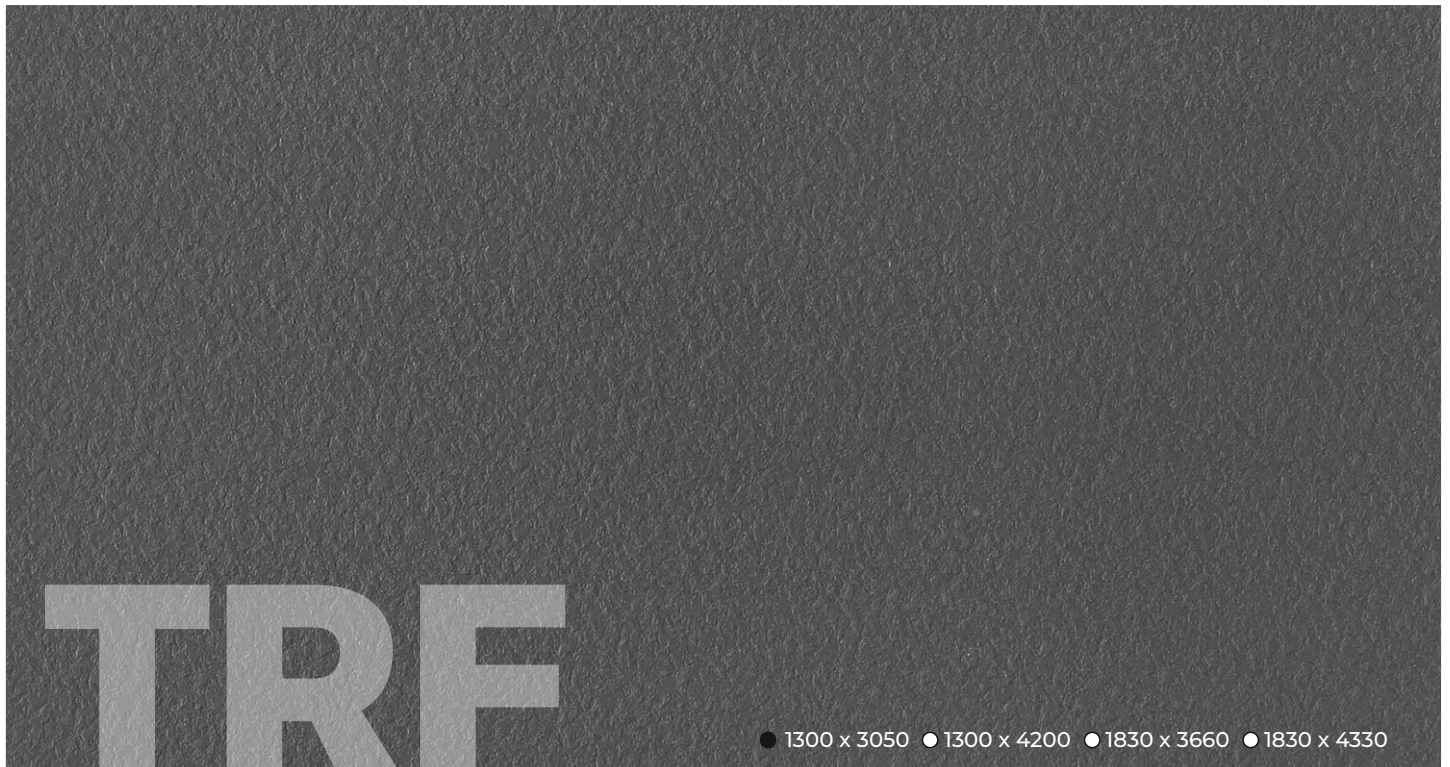

## RLT - Relic Stone

Relic Stone finish captures the timeless character of aged stone with rich texture and depth. Designed to bring a bold, heritage-inspired look with durable performance for modern interior surfaces.

## TRF - Terra Stone

Terra Stone finish embodies the warmth and richness of earthy stone textures with natural depth. Crafted to bring grounded elegance and durable performance to contemporary interior surfaces.
