# ABOUT RUSHIL DECOR LIMITED

Rushil Décor Ltd., is one of the leading companies in Laminate and MDF panel boards industry in India with a global footprint across 57+ countries. Founded in 1993, we have been able to find a strong and loyal customer base because of our commitment to excellence and passion to bring to life designs that are elegant, timeless and class-apart.

A global leader in smarter living solutions, Rushil Décor Ltd., leverages modern technology, next-generation innovation and a people-first, purposeful approach. Rushil Décor is passionate about setting new industry standards and superior experiences, ensuring high productivity. The company has 6 state-of-the-art manufacturing plants with an annual capacity of 3,30,000 CBM MDF and 3.49 million Laminates.

## Our Values

- Social Responsibility: Shape a better world and help people lead smarter lives.
- Trust: Treat others as we want us to be treated.
- Nurturing Smart Living: Build innovative functional products that comply with global standards and certifications.
- Leading Responsible Growth: Committed to accelerating growth through a responsible approach to resources.
- Supporting Circular Economy: Use large quantities of recycled natural resources in production and give a second life to nature.
- Make in India for the World: RDL is passionate about making the firm a national asset, through agroforestry, creation of jobs, rural uplift, sustainable livelihood and smart living.

## Our Product Portfolio

- Decorative Laminates
- Compact Laminates
- Exterior Laminates
- MDF Boards
- HDFWR Boards
- Prelaminated Decorative MDF Boards
- PVC and WPC Boards
- PVC and WPC Doors
- WPC Frames
- WPC Printed Doors
- Plywood
- HDF Laminate Flooring
- Engineered Wood Flooring
- SPC Flooring
- MDF Acoustic Wall Panel

## Our Vision

Nurturing healthier lives for people globally, we responsibly manage innovative functional solutions and sustainable growth, driven by next-generation technologies to transform the local communities, nations and the planet.

# WARRANTY

Rushil Decor Limited expressly warrants that its product 'VIR VAULT' is reasonably free of defects in material and work-man ship and when properly handled and fabricated will confirm, within accepted tolerances, to applicable manufacturing specifications as set forth in our technical brochure.

Rushil Decor Limited provides warranty to the original buyer for a period of 10 (Ten) Years for Compact Boards and for a period of 1 (One) Year for accessories from the date of shipment of VIR VAULT and shall not be assignable by the original buyer.

This warranty does not cover damage resulting from accident, misuse, alteration, abuse, improper storage, handling or workmanship or lack of reasonable care.

Due to the variety of uses and applications to which this product may be put and because the manufacturer has no control over such aspects, the warranty set forth above is exclusive and in lieu of all other warranties, if any, expressed or implied, in fact or by operation of law or otherwise, or arising by course of dealing or performance, custom or usage in the trade, including, without limitation, the implied warranties of fitness for a particular purpose and mercantile.

The buyer's sole and exclusive remedy for any non-compliance with the warranty set forth above shall be limited to repair or replacement of the defective product, or, in the event that repair, or replacement is not feasible, return of the defective product or refund of the purchase price thereof.

Under no circumstances shall the manufacturer be liable in excess of the purchase price of the defective product, in either tort or contract or otherwise, for any loss, damage or injury in connection with or arising from the purchase, use, or inability to use this product, or for any special, indirect, collateral, incidental, consequential or exemplary damages such as, but not limited to, loss of anticipated profits or other economic loss. Because some states/provinces do not allow the exclusion or limitation of incidental or consequential damages, this limitation may not apply to them.

The buyer needs to inspect the product promptly upon delivery. Failure by buyer to give a written notice of claim within 30 days from date of delivery regarding supply of defective products or within 30 days from the date of notice of defect relating to the product used shall constitute a waiver by the buyer of all claims in respect of such products.

Please retain all original documents to enable Rushil's authorized person to verify your claim and to expedite the resolution thereof.

# OUR JOURNEY

**1993**

Rushil Décor Ltd. was established 33 years ago with a vision of manufacturing innovative, high-quality laminates.

**1997**

Rushil Decor Ltd. started its export business.

**2003**

In 2003 Rushil Décor Ltd. forayed into the global market by exporting laminates.

**2007**

Rushil Décor Pvt. Ltd. was rebranded as Rushil Decor Ltd.

**2009**

Rushil Décor Ltd. purchased land at Chikmanglur for the company's MDF factory.

**2011**

Company launched its IPO and became a listed entity.

**2012**

1st VIR Studdio was launched. Started producing VIR MDF boards at Chikmanglur unit

**2018**

Started manufacturing PVC and WPC boards and started building its 2nd MDF plant in Vizag.

**2021**

MDF plant at Vizag started commercial production.

**2023**

Implemented SAP S/4 Hana ERP (Enterprise Resource Planning) Software.

**2024**

Started a joint venture for VIR Modala Ply manufacturing at Chikmanglur

**2025**

Started Manufacturing Jumbo Laminates at Mansa

# VIR VAULT

At Rushil Décor Limited, quality is more than a benchmark, it's a legacy we nurture with dedication and passion.

We are committed to ensuring safety, functionality and aesthetic excellence across all our offerings. Our products are designed for ease of application, helping to reduce installation time while enhancing user experience. With a wide and evolving range of surfaces and solutions, we aim to inspire beautiful, sustainable and enduring interiors that reflect the evolving tastes and lifestyles of our customers.

# DISCLAIMER

All application visuals and renders shown in this catalogue are for illustrative purposes only. Actual product appearance and application may vary.

Due to printing limitations, color and design reproduction in this catalogue may differ slightly from the actual product. Customers are advised to refer to physical samples before final selection or confirmation.

All dimensions mentioned in this catalogue are in millimetres (mm) unless otherwise specified. Where different units are used, they will be clearly indicated alongside the dimensions.

The company reserves the right to modify, update, or discontinue any design, shade, or specification without prior notice.

With a wide and evolving range of surfaces and solutions, we aim to inspire beautiful, sustainable and enduring interiors that reflect the evolving tastes and lifestyles of our customers.

## Certifications

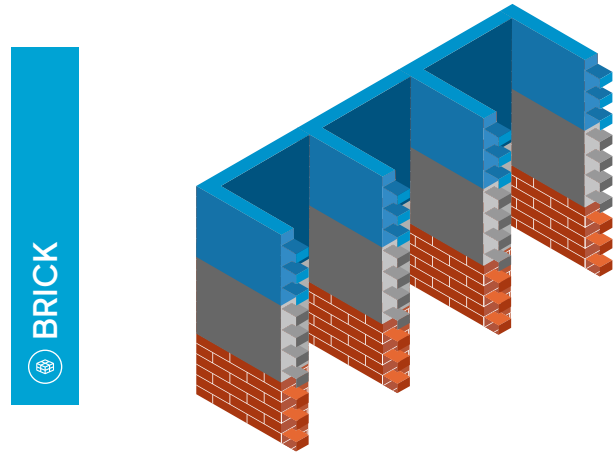

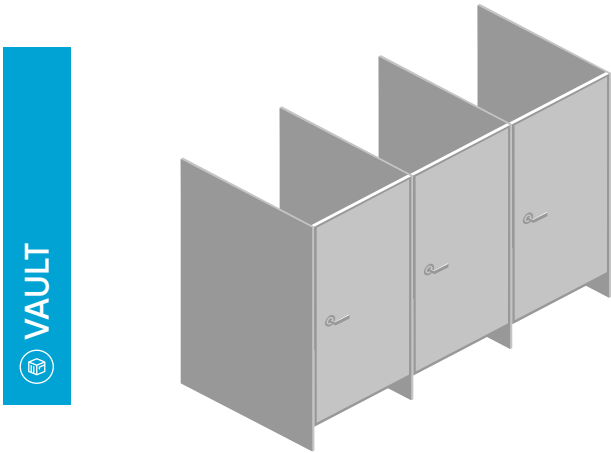

## Standards

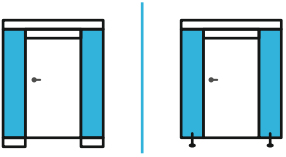

# VAULT SYSTEM VS BRICK-BUILT CABINS

Parameter	Vault System	Brick Toilets
Hygiene & Maintenance	Smooth, non-porous surfaces are easy to clean, preventing buildup and stains.	Porous surfaces trap dirt, making cleaning difficult and less effective.
Ventilation	Designed with integrated ventilation to ensure fresh air flow at all times.	Lacks proper air circulation, leading to musty environments.
Design Flexibility	Customizable in colors, finishes and patterns to suit modern interiors.	Limited design options; tiles may go out of production over time.
Space Efficiency	Slim panels (12-18mm) maximize internal cabin space.	Thick walls reduce usable area per stall.
Structural Load	Lightweight panels reduce construction and structural burden.	Heavy masonry adds load to the building's structure.
Water Usage	Zero water used in installation — eco-conscious and efficient.	Requires significant water for construction and maintenance.
Installation Time	Pre-fabricated panels enable fast, hassle-free installation.	Labor-intensive, time-consuming bricklaying and plumbing.
Service & Upkeep	Modular design ensures quick and easy service or replacement.	Complex plumbing makes maintenance difficult and time-consuming.
Aesthetic Appeal	Modern, sleek and adaptable to any décor theme.	Outdated look; limited styling flexibility.

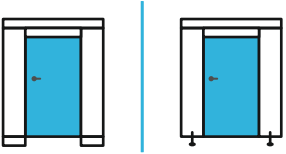

# CONSTRUCTION OVERVIEW

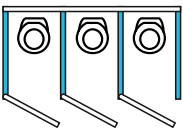

## Pilasters

At Rushil Décor Limited, pilasters are crafted using 12mm or 18mm thick high-quality HPL compact panels. These pilasters form the main support system of the restroom cubicles, as they hold both the doors and dividers securely in place. Depending on the design, pilasters can be mounted on a top rail, fixed to the floor with legs, or supported with stainless steel skirting. In ceiling-mounted models, pilasters are connected to mild steel plates that are then fixed to the top rail. To ensure smooth and proper door closure, each pilaster is fitted with a door stopper.

## Doors

Our cubicle doors, ranging between 600mm to 700mm in width, are made from 12mm or 18mm thick HPL compact panels manufactured by Rushil Décor. The doors have beveled edges for added safety and a clean finish. They are supported with three or more durable hinges—either gravity-based or spring-loaded—crafted from stainless steel or nylon. Each door comes with a coat hook and a slide bolt featuring an occupancy indicator for added convenience and privacy.

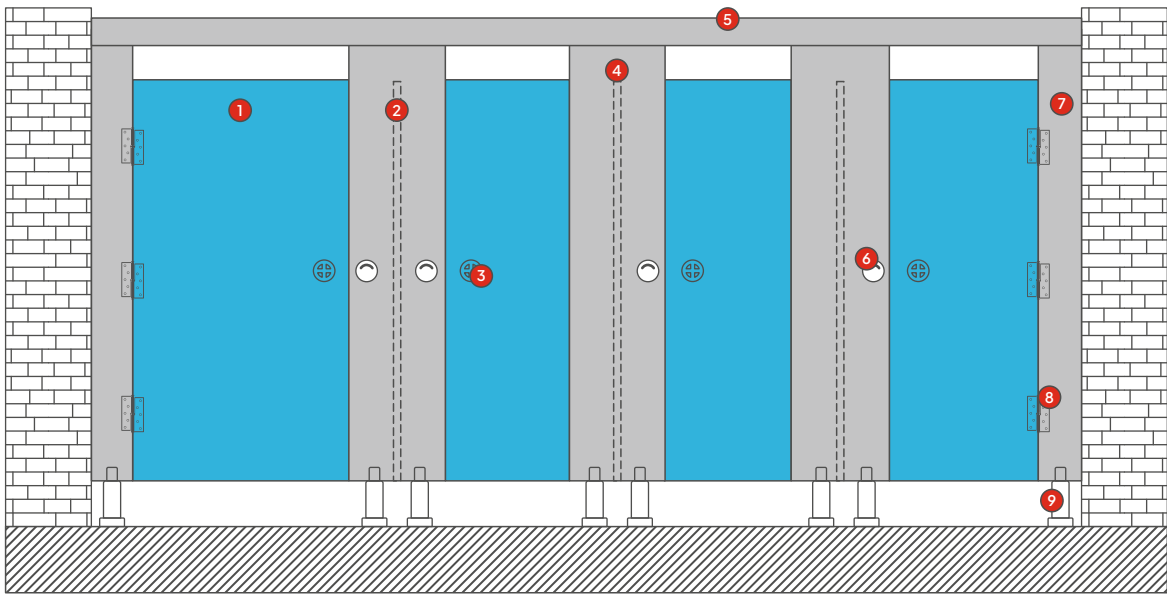

## Dividers

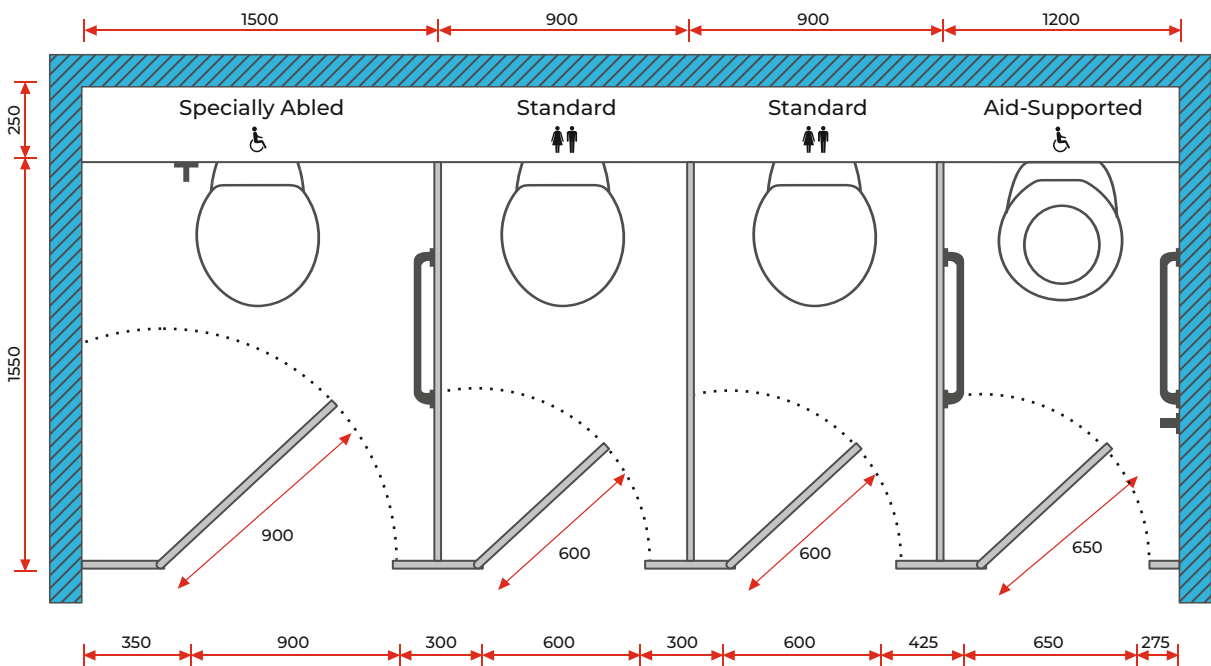

Dividers play a key role in ensuring user privacy within the cubicle system. All divider panels are made using 12mm or 18mm thick HPL compact panels from Rushil Décor Limited. These are securely installed between the mid and end pilasters using vertical U-channels made from stainless steel or aluminium. This provides both stability and a sleek, functional layout.

# PRODUCT CONSTRUCTION

Solid compact laminate, also known as phenolic core board, is made from layers of cellulose-based paper impregnated with thermosetting resins. The surface layers—decorative paper and overlay film—are treated with melamine formaldehyde (MF) resin for durability and design, while the core layers of kraft paper are impregnated with phenol formaldehyde (PF) resin. These layers are bonded under high temperature (above 120°C) and pressure (over 5 Mpa), creating a dense, non-porous and highly durable material with a density above 1350 kg/m<sup>3</sup>, manufactured as per EN 438 standards.

For environments demanding higher hygiene, these panels are also available in an AB+ variant with enhanced antibacterial protection. Ideal for hospitals, labs, gyms and similar spaces, AB+ panels help reduce bacterial spread. Fire-retardant (FR) grades can also be provided on request, subject to minimum order quantities.

\*FR Grade available on demand as per MOQ

# OUR SOLUTIONS

Rushil Décor Limited is proud to partner with Kich Hardware, a renowned leader in restroom hardware solutions. This collaboration combines Rushil's expertise in high-quality restroom systems with Kich's pioneering hardware innovations, resulting in superior and diverse restroom environments featuring a wide array of colours, designs and accessories. By aligning cutting-edge hardware technology with Rushil's design and manufacturing capabilities, this partnership enables us to meet global standards in the restroom industry. Together, we leverage joint research and development to refine our solutions, delivering more affordable, user-friendly and high-performance restroom systems tailored to modern needs.

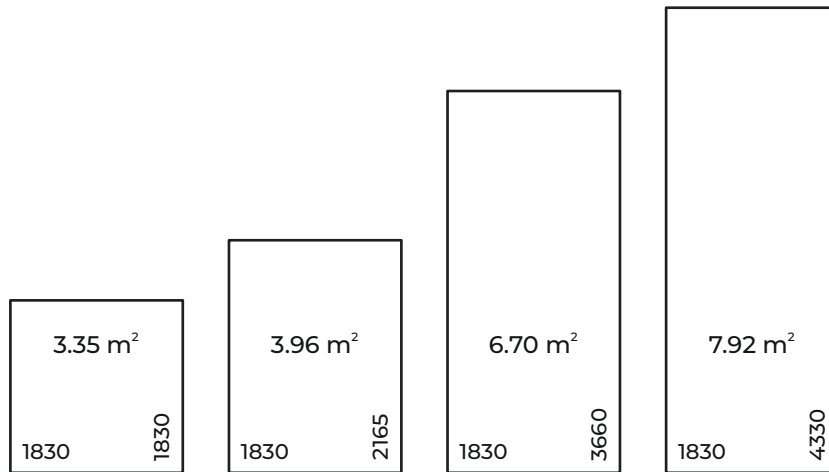

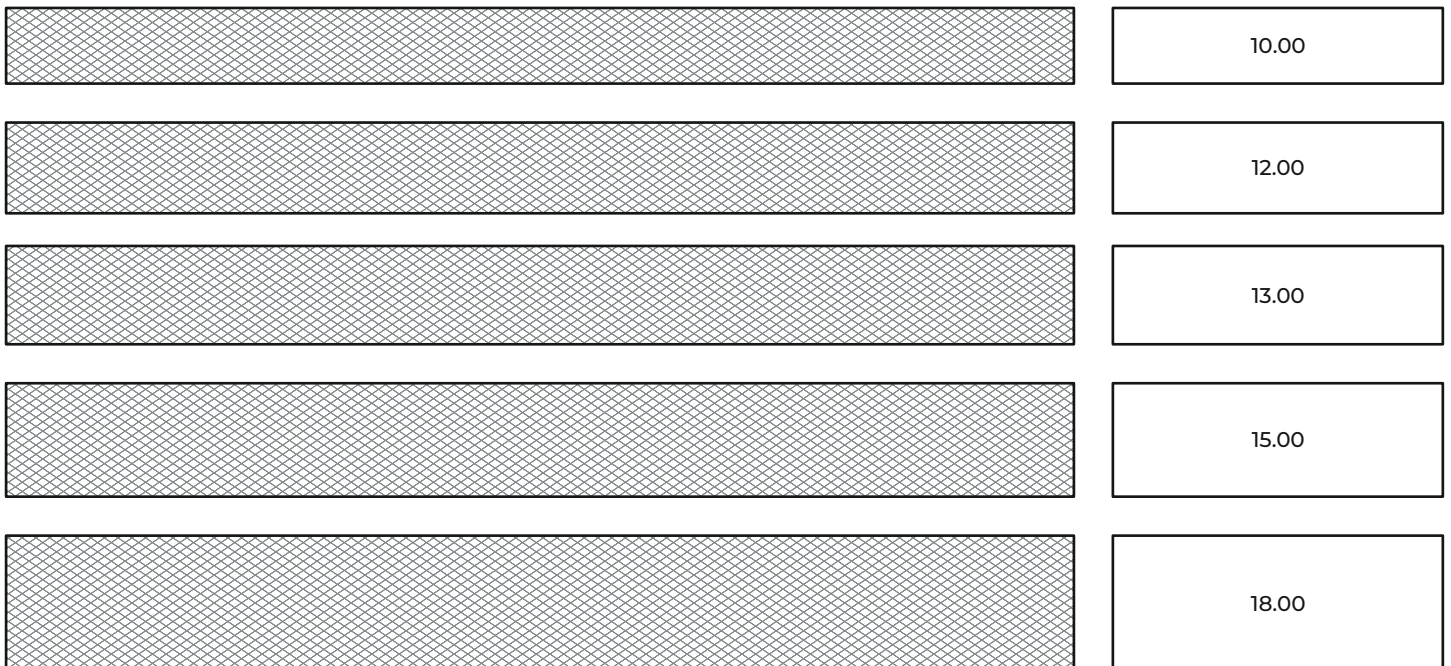

# PANEL SPECIFICATIONS\*

Available in multiple panel specifications to suit diverse Interior applications.

## Sizes

## Thickness

\*All Dimensions are in mm.

# PRODUCTS

## Toilet Cubicles

Engineered from HPL Compact Laminate for unmatched hygiene and durability. Ideal for high-traffic restrooms with modern aesthetics and easy maintenance.

## Lockers

Crafted using HPL Compact Laminate for strength and style that lasts. Perfect for gyms, schools and offices resistant to moisture and scratches.

## Benches

Built with robust HPL Compact Laminate to ensure lasting comfort and strength. A seamless blend of function and form for changing rooms or waiting areas.

## Changing Room Cubicles

HPL Compact Laminate delivers privacy, durability and water resistance. Designed for wet zones like gyms, pools and fitness centers.

## Shower Cubicles

Completely waterproof and easy to clean, thanks to HPL Compact Laminate. Ensures a fresh, modern look that stands up to humidity and wear.

## IPS Panel

HPL Compact Laminate panels that conceal services with precision and style. Resistant to impact, moisture, and daily wear — perfect for commercial washrooms.

## Vanity Unit

Made from HPL Compact Laminate for elegance that endures moisture. Combines beauty and resilience for hotel, office and public wash areas.

## HPL Door

High-performance doors built with HPL Compact Laminate for durability. Scratch-resistant, easy to clean, and ideal for both wet and dry interiors.

## Urinal Partitionsq

Compact laminate partitions designed for privacy and hygiene. Waterproof, anti-bacterial, and perfectly suited for public washrooms.

# PUBLIC AREAS

Vault brings versatile design solutions to modern restroom and washroom spaces. With a refined selection of high-quality finishes and modular configurations, it integrates effortlessly with diverse architectural concepts while addressing the unique functional needs of high-traffic environments. Combining style, privacy and long-term performance, Vault delivers a complete 360° cubicle solution—durable, adaptable and designed to elevate every public facility.

# PUBLIC AREAS

# WORK & WELLNESS

Vault redefines modern restroom design with a perfect balance of aesthetics, durability and functionality. Moving beyond the ordinary, Vault brings individuality to every space through its wide range of finishes, colors and textures. Whether the vision calls for bold contemporary tones, the natural warmth of wood, or the refined sophistication of stone and metallic designs, our collection empowers every project to achieve a distinct character. Engineered with precision and built for performance, Vault cubicles are ideal for offices, hospitals, educational institutions, malls and other public or commercial spaces. Designed for easy installation and long-lasting use, Vault solutions offer the perfect blend of hygiene, privacy and design excellence bringing modernity and distinction to every restroom environment.

# WORK & WELLNESS

# RESIDENTIAL

Vault products are crafted to the highest standards of restroom partition systems, designed to meet the diverse needs of modern residential and commercial environments. Combining refined finishes with exceptional stability, easy installation, and effortless maintenance, Vault cubicles bring sophistication and performance together. Perfectly suited for residential complexes, offices, schools and public buildings, our high-quality cubicles add depth, detail and a sense of premium craftsmanship to every space. With clean, contemporary lines and a wide selection of colors and textures, Vault enables the creation of bespoke, stylish restrooms that are both functional and enduring. Beyond aesthetics, our cubicles are engineered for hygiene, moisture resistance and long-term durability—making them a smart, lasting choice for modern interiors.

# RESIDENTIAL

# TRANSFORMATION

Vault's restroom cubicle systems are designed to transform aging or outdated washrooms with renewed style and functionality. Cost-effective, easy to install and available in a wide range of finishes, Vault offers the perfect solution for modernizing old restroom spaces. Balancing aesthetics, durability and budget, our cubicles deliver contemporary design and long-lasting performance—bringing washrooms back to life with a fresh, refined look.

# TRANSFORMATION

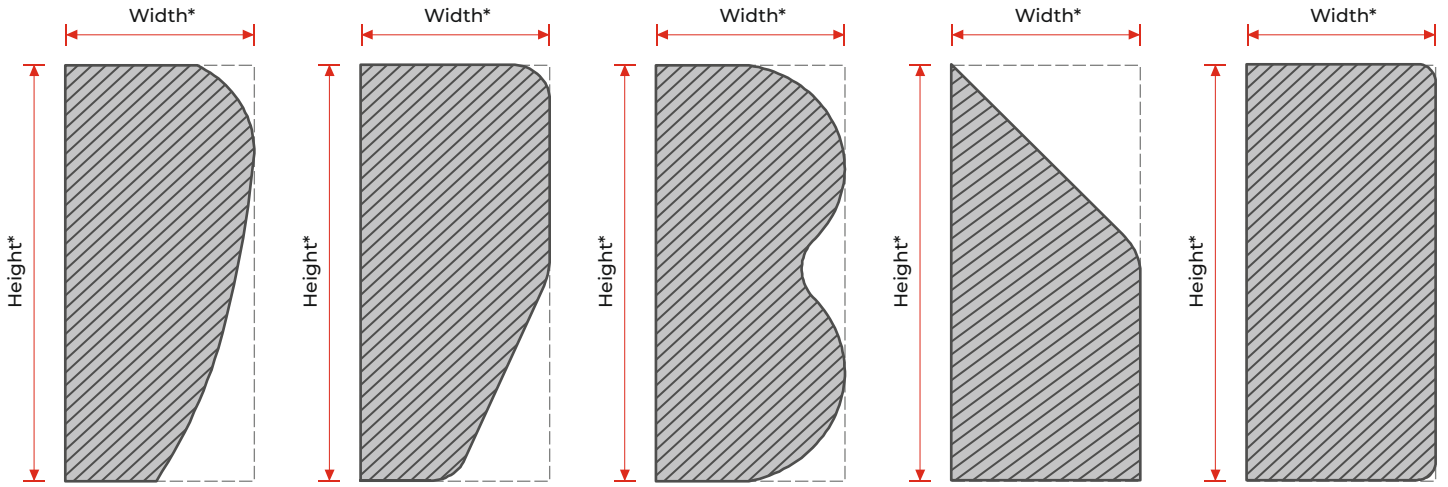

# URINAL SECTION PARTITIONS (USP)

The Urinal Section Partitions (USP) are specifically designed for men's restrooms to provide enhanced user privacy. These partitions act as separators between adjacent urinals, ensuring a more comfortable and discreet experience. USP units are equipped with durable hardware made from either polyamide grade 6 (nylon) or stainless steel, offering both strength and long-lasting performance.
