High Pressure Laminates

VIR Laminates are crafted to last, they are made from absorbent kraft paper that can withstand wear and tear over a period of time.

Klads

- Meets European Standard
- Easy to install and maintain
 - High durability
 - Moisture resistant
 - All-weather proof

Available Thickness:
6 mm (Customized thickness on demand only up to 15 mm)

Traceless

The timeless designs, with almost zero-reflection matt finish, VIR Traceless will leave a mark on your mind and heart but allow no mark on the furniture. Apart from being fingerprint resistant, it is scratch proof too.

- Anti Finger print technology
- Water repellent
- No smears and smudges

Post Forming

VIR Post forming laminates are specially created that have bendability in addition to having all of the qualities of standard grade high pressure laminates.

Unicolor

- Even and consistent look
- Highly durable
- Specialised product
- No dark edges

Digital Laminates

VIR Digital laminates are tailored to perfection as per the customer's choice of design or image

- Anti Finger print technology
- Water repellent
- No smears and smudges

Prelam

VIR Prelam MDF boards are made by compressing decorative melamine-impregnated paper onto MDF boards under controlled heat and pressure.

MDF Boards

HDFWR Grade

- Water Resistant
- Cost Efficient
- Termite & Borer Resistant

Chalk / Marker Grade

This laminates have excellent properties to write with special marker pen & chalk, leaving no marks after wiping

Door Skin

Our Door Skin Laminates are specially designed for use on doors. These laminates provide great aesthetics with high durability and ease of maintenance

PVC & WPC Boards

VIR PVC and WPC boards are termed as the panel board of the future. They are waterproof, termite and borer proof

Craftwud WPC Doors

VIR Craftwud WPC doors are ready to use printed doors. These doors are prelaminated with UV Printing. They do not require painting, polishing or pasting of the laminate
